ORGANIC MASSAGE & FACIALS

## Our Team

Our team of professionals are all trained with our unique flare. We have everything from pregnancy specific therapists, to paramedical treatments by advanced beauty therapists to sports massage and aromatherapy... and everything In between.

## Our Products

We pride ourselves on our progressive understanding of what is both on trend and ground breaking in beauty, but also is environmental and hugely results driven.

Most of our products are OrganicSpa. These products are enriched with the finest quality certified organic ingredients, these therapeutic blends of plant extracts are safe to use during pregnancy. Developed in the pristine shire of Byron bay, each product combines locally sourced ingredients with extracts sourced from fair trade suppliers around the world. Organicspa is your guarantee of purity.

## Massage

*(this does not apply to flash camp due to the absence of electricity)*

Our therapeutic massage leaves you feeling renewed physically and mentally. Choose a deep tissue, sports, remedial, relaxation, aromatherapy or pregnancy massage.

Included is an organic sea salt scrub to the feet and back. This is removed with the use of hot towels in conjunction with our unique massage. We complete this experience with our deep facial relaxation massage which releases tension and stress followed by an aromatic scalp massage. You'll leave the room floating...

## Woods Signature Facial

Boost your skin and get that country glow with our rejuvinating facial which uses OrganicSpa products that will put the lustre back into your skin, that may be missing due to the harsh environs of city air pollution. We study the skin and match the appropriate treatment mask to bring your skin back to a hydrated dewy complexion. During this facial, we never take our hands off you, constantly working to stimulate collagen and bring out your inner glow from beneath your skin. Whilst your skin enjoys the benefits of our chosen mask for your skin type, we continue to create the ultimate experience by doing an aromatic arm, hand and feet massage, with an organic spa sea salt scrub to the feet.

## Woods Anti Ageing Bee Venom Manuka Placenta Facial

See what the buzz is about. This is our deep penetration paramedical facial. This facial is formulated for a rapid anti-ageing effect. It consists of a soothing blend of waxes and oils as well as including three products from Manuka honey, bee venom and sheep placenta (it really is the FARM facial!). The bee venom facial will gently stimulate your facial muscles to tighten and firm the skin, reducing the effects of your frown and laughter lines. Our placenta serum... where do we start? It's a proven skin care shown to erase wrinkles and firm skin by adding deep hydration to the skin. The protein in placenta also has a plumping effect which makes your skin look younger and firmer. Finished with our Manuka honey moisturiser cream, this restores and hydrates dry cracked and damaged skin enhancing natural cell rejuvenation.

*This treatment is not suitable for people allergic to bees or animal products
*This is not an organic product.
